With public transport card "Tarjeta Metropolitana" one trip is only 0,40 cents – there are many bus connections and there is 1 tram line from Albolote to Armilla - it is manageable to live a bit further out as well.

Use Google Maps to direct you from your possible new homes to University, the centre and other places/ facilities you would like to make use of.

Best tip... When there is number visible/ available **CALL!** And use your best (broken) Spanish – landlords and agencies alike are lazy to read all the messages and prefer to do business, contacts and negotiation over the phone.

Cautious! There is always some scammers trying to take advantage of you.

It is a common practice to "reserve" a room by means of a 100-150eu 'guarantee' (which is later deducted from your first months rent), but do NOT pay a full rent and deposit prior to arriving, and always double check the IBAN and name of the person online.
