

Dear 1ST SEMESTER / ACADEMIC YEAR student

It's with great pleasure that we welcome you to the Faculty of Political Science and Sociology at the University of Granada.

Once you have been nominated by your home University as an Erasmus student for **the 2023/24** Academic Year we will ask you in due time to **fill out the online application** whose instructions you will find in the following link:

https://oficinavirtual.ugr.es/apli/intercambio/alumnos_in/index.html

Deadline: **15th May 2023**

Please read carefully important information available in different links under the heading **Estudiantes de Movilidad Entrante (Incoming Students)** at <http://polisocio.ugr.es/movilidad-internacional.php>

Note that our catalogue of courses for 2023-2024 will not be available until mid-June. We do not expect significant changes in our current catalogue, therefore you should make a preliminary selection of courses based on our 2022-2023 catalogue (visit **Oferta académica/Academic offer**) in the above mentioned link.

Some key dates follow for first term and academic year students:

- Lectures will begin on (probably second week of September)
- Recommended arrival date in Granada: around 8th of September 2023 (still to be confirmed)
- International Students' Welcome Induction Days: second week September (still to be confirmed)

Second term students will receive further information in September. Online application for them will be available from 1st to 31st of October 2023.

To be taken into account when completing your online application:

Remember that you will need to select:

- *Ciclo de Estudios: Grado-Bachelor* (even if you are Master student at home University, you have been selected under an agreement for undergraduate level)
- *Año académico 2023/24*
- *Fase: Primera fase*
- *Programa de Movilidad: Erasmus*

As for our **courses taught in English**, they are displayed with their names in Spanish (no translation is available in the online application) because there are two groups in each course, one in Spanish and one in English and by now the platform does not offer the possibility to select either the Spanish or the English group. What should you do in case that you would like to be registered for the English course? Firstly, you must select the course with its name in Spanish. Secondly, when the academic responsible proceeds to validate your application, she will register all Erasmus incoming students in the English group. In case you would like to enroll in the Spanish group, please let us know by writing by end May an e-mail to oriccps@ugr.es

In case you come for whole academic year, please select now all the courses you would like to do including second term courses.

While the online application is open you will be able to make changes. After the 15th of May no further changes will be possible via online.

Finally, **by mid-July** all those who have followed successfully all the steps above will receive an acceptance letter.
